

## Responsible Visitor Charter

### Help us in our quest to help save the planet

We are continually striving to reduce our carbon footprint at K West.

Here are a few examples of how you could help us achieve our goal and ultimately help Mother Nature, while staying with us:

- **Conserve energy**- reduce energy by switching off lights and closing windows if heating or air conditioning is on. Switch off unused appliances and TVs. The Energy Saving Trust provides information on what you can do at home: [www.est.org.uk](http://www.est.org.uk).
- **Give the Car and Cabs a rest**- walk, cycle or use public transport. London's iconic red buses are now going Green. Visit [www.tfl.gov.uk](http://www.tfl.gov.uk).
- **Reduce, Reuse, Recycle**- you can help us in our efforts to recycle. Please leave your newspapers, bottles cans and cardboard beside the bin in your room, ready for recycling. [www.recyclenow.com](http://www.recyclenow.com).
- **Be Water Wise**- turn off the taps when brushing your teeth and only fill the kettle with the required amount of water. Our towel recycling policy allows us to only replace towels left on the floor or every other day [www.waterwise.org.uk](http://www.waterwise.org.uk).
- **Respect nature**- help us to look after nature by not littering. When enjoying sites and walks around London, please remember to bag your rubbish and where appropriate use the recycling bins available across the city.
- **Support Green businesses** - There are hundreds of businesses in London trying to reduce their carbon footprints through the Green Tourism for London Business Scheme. Businesses are awarded Bronze, Silver and Gold for their efforts to be more sustainable. Visit [www.green-business.co.uk](http://www.green-business.co.uk) for a list of members.

If you feel there is anything else we could be doing to reduce our environmental impact, please contact us at [ns@k-west.co.uk](mailto:ns@k-west.co.uk).

## Our preferred partners

Considerate Hoteliers is an association of like minded hoteliers whose purpose is to encourage, assist, cajole and motivate fellow hoteliers to adopt sound and sustainable environmentally friendly and socially responsible practices.

The Carbon Trust helps business and the public sector cut carbon emissions, and supports the development of low carbon technologies.

Award-winning charity, which offers a unique blend of creativity & environmental expertise to help cutting carbon emissions.

## Our preferred suppliers

### **Zero Percent™ Collection**

Sometimes it is not what is included, but what is excluded that is notable.

This collection boasts zero sulfates, zero parabens, zero phthalates, zero artificial colours and zero animal testing.

They do feature food-grade, naturally derived USP glycerin; natural conditioning agents from the honey and Brassica plant; and soybean and cottonseed oil, instead of petrochemicals.

An organic skincare line made up of a range of facial and body products that have been formulated with essential oils and ingredients coming from ecologically cultivated plants with no silicones, parabens or artificial colourings.
